TREOX D

Disinfectant

MADE IN GERMANY

TREOX D is an environmentally friendly and fast-acting water-based disinfectant agent concentrate. **TREOX D** contains no petrochemical ingredients, no surfactants, no dyes and fragrances, no preservatives and is free of fat and oil. **TREOX D** has a broad spectrum of activity against microorganisms. By diluting **TREOX D** with water, various application solutions can be generated. **TREOX D** is, according to Regulation (EG) No 1272/2008, free of any danger symbols and neither irritating nor irritating to the eyes and is dermatologically certified with excellent.

Application

- Plant engineering
- Commercial kitchens
- Food processing
- Animal husbandry
- Water treatment
- CIP disinfection

Disinfection of surfaces, tools and equipment, processing tables, conveyor belts, transport crates, and many more.

Advantages

EFFICIENT

- Short exposure times
- Effective against pathogenic germs, bacteria, viruses and fungi
- Also works against multi-resistant microorganisms
- Effectively removes biofilms without mechanical processing

COST SAVINGS

- No training required for handling TREOX D
- No safety storage required
- No protective equipment necessary

MATERIAL FRIENDLY

- Application solution usable on all wipeable surfaces

STAFF FRIENDLY

- No cracked or dry hands
- No skin irritations such as burning or itching
- No harmful vapors or residues

ENVIRONMENTALLY FRIENDLY

- **TREOX D** is biodegradable and disintegrates after the disinfection process into its natural starting materials (water + salt)
- The short environmental persistence results in a very low risk to nature

Sustainable & environmentally friendly

For the high health and hygiene standards of our society, disinfectants are indispensable. However, neither the environment nor the daily routine of the business must be burdened.

TREOX D is an environmentally friendly, fast-acting disinfectant solution with no petrochemical ingredients and 99.99999% effective at removing viruses, bacteria, germs, fungi and their spores.
